

# Presentation of company Esva sistemi d.o.o.

## About the company

We are a company which started to independently perform activities in 1991 in the field of audio visual devices and systems, as a stand-alone craft. Due to the expansion of our business we registered the limited liability company Esva Sistemi d.o.o. and performed with great success in the field of Electrical installations and Telecommunications.

The company ESVA SISTEMI d.o.o. largely carries out work on Electrical installations and Telecommunication systems, which means a comprehensive solution.
